Md. Tanveer Ahmed
B.Sc Engineer (CSE)

I am an aspiring computer science graduate and dedicated software engineer. My expertise in the MERN stack has enabled me to develop complex applications such as an automated recruiting system, an AI-assisted libreChat -like app, and a Jira app using the Forge platform. I have also worked in a healthcare solution with Laravel. I am a fast learner, problem solver, and passionate about mastering new technologies.

BASIC SKILLS

- Programming Languages: javascript, C, C++, Java, php
- AI tools: Github copilot, codium, OpenAI, Gemini, claude, deepseek
- Web Tech: nodejs, ExpressJs Reactjs, Laravel, html, css, Material UI, Tailwind CSS, Bootstrap
- Database: MongoDB, Mysql, Oracle
- Project Management Tools: Jira, Redmine
- Git, Github, Gerrit
- Docker, S3 bucket

JOB EXPERIENCE

■ 2024 (january) - on going (MERN Developer)

Recently i am working in a multinational software company. here my role is to work in a team and develop complex software.
 The software i have worked in:

1. Xamify (Automated recruitement system management) [Tech: MERN, Rabbit MQ, Redis, used micro service architecture] **LIVE** 🛜
2. Ai agent like libre chat [Tech: MERN, Open AI, Gemini, Claude, Agentic AI] (This is private, public link is not available)
3. Rental BD (Home Rental site) [Tech: Laravel , Reactjs, Mysql] **LIVE** 🛜
4. AI assisted jira apps [Tech: Forge platform, Forge react , Nodejs , Open AI]

■ March, 2022 - 2023 (Laravel Developer)

 I was worked in a Startup project related to healthcare where my role was to develop entire backend of this platform which cover doctor dashboard, patient dashboard, hospital dashboard and admin dashboard development, SMS gateway integration, Payment gateway integration, social login implementation, API development . To see my work visit : valerehealthcare.co **LIVE** 🛜

PERSONAL PROJECTS   (2022 -2023)

Fake-Api-Shop
Technology: Reactjs,Redux, MaterialUI,TailwindCss

Youtube Clone
Technology: Reactjs, Redux, MaterialUI,Tailwindcss

BD Travels
Technology : bootstrap-4,html,css,jquery

JS Car Game
Technology : javascript,html,css

MERN Project management
Technology: MERN

MERN Auth
Technology: MREN, MaterialUI,Tailwindcss, Redux. Task: Authenticate with email,google,github,facebook

Bangla Licence Plate Detection & Recognition Using ANN
Technology: ML, DL, Keras, Python

My Portfolio
Technology: html,css,javascript

LICENCES & CERTIFICATIONS

- **M**001**: MongoDB Basics** [↗]
- **M**320**: Data Modeling** [↗]
- **M**201**: MongoDB Performance** [↗]
- **M**220JS: MongoDB for JavaScript Developers** [↗]
- **M**100**: MongoDB for SQL Pros** [↗]

- **PHP With Laravel Framework** (Certificate No: BASIS31/OID11/PHP3/05)
  - **ACM - ICPC** [↗]
  - **M**121: The MongoDB Aggregation [↗]
- **Node js** [↗]
- **Github Copilot** [↗]

PROBLEM SOLVING ONLINE JUDGES

- **UVA Online Judge** [↗]
- **CodeForces** [↗]

LANGUAGES

- Bangla (Writing + Speaking)
- English (writing + speaking)

INTERESTS

- Exploring knowledge
- Problem Solving
- Watching Football

EDUCATION

- **B.Sc in Computer Science & Engineering**

  Institute: City University bangladesh
  Result: CGPA 3.46 (4.00)
  Duration: 4 Years
  Pas.Year: 2020

- **Higher Secondary School Certificate**

  Institute: Government Science College, Dhaka
  Department: Science
  Result: GPA 4.10 (5.00)
  Board: Dhaka
  Pas.Year: 2010

- **Secondary School Certificate**

  Institute: Motijheel Model High School And College
  Department: Science
  Result: GPA 5.00 (5.00)
  Board: Dhaka
  Pas.Year: 2008
